

With the redesign of the WFCA website, there have been some questions on where to find nomination forms as well as how to go about filling them out. These instructions will help guide you to find the information you need.

Just a reminder, all forms and nomination information is found at [wifca.org](http://wifca.org), the association's official website. Many of the more common nomination forms can be found on the left side of the page under the Quick Links option. You can click on these links to go directly to the form requested.

All forms and nomination information can also be found by going to the top right of the [wifca.org](http://wifca.org) website and placing your mouse over the Resources tab; a menu will come down where you can select "Forms and Nominations". Please be sure to read the WFCA Member Award Procedures on that page as well.

All nominations and forms are available as a PDF document. After clicking on the requested link, you will be redirected to page where you can view the form you've selected.

Once you have downloaded the PDF form, you can either fill it out immediately or save it to your computer to fill out at a later time. You will be able to type information into different text boxes and/or select several options. Please be as thorough as possible, and be sure to read all instructions prior to filling out the forms.

Once completed, it is recommended that you immediately print off the form by choosing Print in the File menu. Please be advised, depending on the software on your computer, you may not be able to save a form with the information you have entered (saving will only save the blank form). If this is the case, just as in the past you will need to print out the completed form and then fax, mail, or scan and email it to the appropriate party. It is recommended that you print or make a copy for your records as well.
